Demo Recording Setup

Set up your Computer

- ☐ Set screen resolution to 1600 x 900

- ☐ Clear off your desktop.

- ☐ Set your desktop back to the right image for your course <u>from this Dropbox folder</u>.

- ☐ Hide your toolbar with <u>Bartender</u> or remove extra icons from it.

- ☐ Turn off all notifications!

- ☐ In your IDE:

  - ☐ Set text size to around 20 points, and use a standard color scheme.

  - ☐ Hide panels, toolbars, and windows you won't use in the video.

- ☐ Set your simulator/emulator up ahead of time. It should fill up the entire screen in one dimension (e.g. height, for portrait orientation), and be centered in the other.
